PROJECT UPDATE

CAMBRIA HOTEL OCEAN CITY WATERFRONT IS MOVING UP!

Construction is underway and starting level SEVEN this week! Fisher Architecture was hired to provide full services including Interior Design for this new eight and a half story, one hundred thirty-five-unit hotel on the iconic former site of the George B. Cropper Concrete Plant at the foot of the Route 50 Bridge in Ocean City, MD. Included in the plans are a rooftop bar and terrace with 270-degree views of the Ocean, Assateague Island and Assawoman Bay. There will also be a pool stretching through indoor and outdoor segments.

Some exciting things that happened last month!

- *pour 4th floor east*
- *pour elevator tower*
- *scaffold and decking 6th floor south*
 - *strip 4th floor south*
 - *plumbing rough in 3rd floor*
 - *metal stud framing 3rd and 4th floor*
- *rebar and cables 4th floor east and 6th floor*

Celebrating 9 years in Business!

Keith and the team want to thank each and every person that has supported the dream and vision of Fisher Architecture!

"I can't believe that 9 years has passed! Thank you to all who have believed and been so much a part of my dreams and goals."

- Keith Fisher

LEANDER LAKES-COMPLETED
