## NEW PROJECT UPDATE

### ROMMEL HARLEY-DAVIDSON IS OPEN!

Rommel Harley Davidson is open in Salisbury, MD! Fisher Architecture provided full architectural services for the renovation of the former Gander Mountain building. Rommel Harley Davidson takes up one third of the industrial building with a total of 19,000 square feet. The renovations included a newly updated exterior and interior facade. Concept plans and brand standards were taken into consideration during the design process. Our interior design team specified and selected materials, provided finish floor plans and reflected ceiling plans.

**The addition of an eye-catching silo to attract attention headed down the highway is on the way!**

# RIBBON CUTTING

Fisher Architecture was honored to have provided Architectural services for the new Hampton Inn & Suites located in West Ocean City, Maryland!

## OCEANS EAST MERMAID POOL IS COMPLETE!

The mermaid pool is open just in time for Summer! Fisher Architecture provided full architectural and interior design services for the brand new luxury apartments, Oceans East in Berlin, Maryland. Oceans East apartments offer luxurious amenities including a beautiful 5,100 square foot community building which features a coastal style open floor plan with high ceilings, 24-hour fitness center, gourmet kitchen, resident business center and much more. On the exterior you will find a unique 75'x40' mermaid tail pool with lounge and sun ledges. Phase I, totaling 8 buildings, is near completion!

*Fisher Architecture's team climbed to the top of Cambria Hotel during their annual Summer Project Tour!*

*Keith and Caitlin Fisher represented Fisher Architecture at the HALO Leader's Breakfast. An organization worth learning more about!*
