NEW PROJECT UPDATE

OLD SALISBURY MALL REDEVELOPMENT

Purchased just this summer, the vacant lot that sits between the Wicomico Youth & Civic Center on Civic Avenue and the Twilley Centre is finally being redeveloped! The 80-acre site of what once was "the old mall" in Salisbury, Maryland has sat empty for over 15 years. The Developer and Fisher Architecture have been working closely to find a program that works best for the City of Salisbury. Future development plans include residential lots, plus commercial and retail components. A Nationally branded convenience store is in the works as well. The surrounding community is excited to see the transformation and the groundbreaking is expected late Spring 2020. We will keep you updated as the project progresses!

FISHER LIFE

Fisher Architecture was a proud sponsor of the National Night Out event hosted by the City of Salisbury Police. The Fisher Family even ran the NNO 5K "Foot Pursuit"!

THE FLATTS ARE COMPLETE!

The Flatts Apartments are complete just in time for school to start! Fisher Architecture provided full architectural and interior design services for the renovations of the former University Village apartments in Salisbury, MD. The intent was to provide new renovation plans to convert the existing units into new desirable, marketable plans. Included were clubhouse updates, unit modifications and a design refresh through out the large complex. Former four bedroom units were split into one and two bedroom apartments. Be sure to stop by!

Some photos from Fisher Architecture's Annual Summer Party!

The 2019 Fisher Architecture Kickball team! All enjoyed playing and team building.. and they even made it to the playoffs!
